

# Pa Pa Lin "Rose"

**PROFESSIONAL NANNY & CHILDCARE  
SPECIALIST – PHUKET, THAILAND**

## ABOUT ME

Hello – my name is Pa Pa Lin (Rose). I am originally from Myanmar and have lived in Phuket for about 15 years. I began working as a nanny in 2017 and over the years I have cared for many families – both full-time placements and part-time babysitting roles. I am comfortable with newborns (bottle & breast support routines), infants and toddlers. I create calm, consistent routines for sleep and feeding, and I focus on safety, gentle encouragement, and play-based learning.

In addition to direct childcare (feeding, bathing, nap routines), I prepare simple nutritious meals for young children, keep play areas and childrens' laundry tidy, and support early development with songs, reading and guided play. I enjoy traveling with families and have experience caring for children on holiday trips (short stays and multi-week travel). Communication with parents and following household rules are priorities – I'm reliable, flexible and always respectful of family preferences.
